FOR GIRLS OF THIS AGE.

We heard of a class of boarding-school girls, the other day, who had three female high school, female college, female medical schools and female lectures that girls are educated, in vogue, and what they can say, learned, and what they can say, learned, play pianos, paint talk French and Italian, and all the rich languages, write poetry and love like Venuses.

They are ready to be married at ten years, and can be taken from school and married at fifteen, and divorced at twenty. They make splendid showy bridal feats, can comport and flirt at the fashionable circles. What are they at washing floors? Oh! we forget—nobody has been taught how, how vulgar that would be! What are they at making bread and handling beef! Why, you thoughtless man, to be sure—they will board at hotels! But they are up-to-date—the fashions change—as are upon the wealth has it clothes but when that wealth has it clothes but one season? A paper makes one! What are they at washing babies faces and fingers now, but that they are washing babies faces and fingers now, but that they are washing babies faces and fingers now, but that they are

Help for the Hopeless. You are weak, debilitated, miserable, and nothing does you any good, you say. Don't despair. There is balm in Gilead. Have you tried Vinegar Bitters? No? Then why don't you? It will instil that much needed vitality into your system, and make you feel like a new person. Try it and be convinced that it is the best medicine ever made. Sold by druggists.

Improvement in Horseshoeing.—The celebrated imperial horseshoe can be accompanied with toe and quarter calks, as may be required, and is the best horseshoe now in use. Can be had at the Decatur Agricultural Works.

Elopement. During the past month a young man by the name of John Ferguson, has been at work for Mr. John Patterson, and the same between young Ferguson and a daughter of Mr. Patterson's, came to a head on Saturday last.
